Your vehicle will shine with **CAR WASH & WAX ULTRA**. Its deep cleaning ability will remove dirt, grime, road film, salt-spray, bugs, and oil and fuel spills. It will rinse freely to prevent streaks and water spots, never leaving a dull film. The genuine carnauba wax in **CAR WASH & WAX ULTRA** will restore that high-gloss shine and protect your vehicle's finish longer by sealing out dirt and locking in shine.

DIRECTIONS

Mix thoroughly 2 ounces of **CAR WASH & WAX ULTRA** per gallon of water. Hose off car with clear water before washing. Apply solution with a hose foamer or dip towel, mitt or sponge, keeping it dripping wet at all times. Starting with the car roof, gently rub as the solution is applied, making sure to wash one portion of the vehicle at a time. Be sure solution has not dried before rinsing. Rinse thoroughly with clear water. Use a chamois or absorbent cloth and pull over the surface of the vehicle to remove loose water. The surface does not need to be wiped dry. To boost shine, lightly buff by hand or use a buffing machine.

NOTE: Do not let solution dry on surface. Do not use on hot surfaces or in direct sunlight. Safe on most surfaces, if in doubt, first test on an inconspicuous area.

NFPA® Ratings

Health: 2; Flammability: 0; Reactivity: 0

INGREDIENTS/CAS#:

Water (7732-18-5); Sodium Dodecylbenzenesulfonate (25155-30-0); Sodium (C14-16) olefin sulfonate (68439-57-6); Cocamidopropyl Hydroxysultaine (68139-30-0); Sodium iminodisuccinate (144538-83-0).
