

DE-SCALE ULTRA

Concentrated Acid Replacement Cleaner

Form: Liquid

Color: Slightly Hazy, Straw Colored

Odor: Slight

pH: <1.0

Solubility (in water): Soluble
(in mineral spirits): Insoluble

VOC Content (% by weight): 0

Flash Point (ASTM D-7821): N/A

Specific Gravity: 1.10 ± 0.01 g/cm³

Density: 9.18 ± 0.05 lbs/gal

Storage Stability (at 70°F): 1 year

Ingredients	C.A.S. #
Water.....	7732-18-5
Organic Salt	Proprietary
Nonionic Surfactant	Proprietary
Xanthan Gum	11138-66-2

For use by...	
•	Masons
•	Road Construction Crews
•	Equipment Rental Companies
•	Concrete Restoration Companies
•	Maintenance Personnel
•	Slab Jacking Contractors
•	Swimming Pool Service Personnel

DIRECTIONS: Use DE-SCALE ULTRA at full strength to clean and etch concrete surfaces, to remove heavy scale and water deposits, and to clean concrete trucks. Spray onto surface to be cleaned then apply a light amount of water to activate cleaner and let work for 10 to 15 minutes or until fizzing stops. Scrub with a stiff bristled broom or brush. Then rinse thoroughly.

Use DE-SCALE ULTRA diluted at a 1:2 ratio, with clean water, for light cleaning and etching of concrete surfaces and for general tool clean up. Apply to surface to be cleaned, allow to work 5 to 10 minutes, scrub with a stiff bristled broom or brush, and rinse thoroughly.
