For industrial and commercial use only.

For additional information, see Safety Data Sheet.

WARNING: This product contains, or may contain, trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity.

BOBCAT from Share Corporation is a thickened, foaming, non-acid hard surface cleaner that is primarily intended for use in rest rooms. **BOBCAT** is an acronym for Big Orange Bowl, Chrome and Tile cleaner, however you can use it on just about any surface you find in your rest rooms. Since **BOBCAT** contains no harsh chemicals or abrasives, it will not etch porcelain or pit fixtures nor will it harm PVC, metal or lead pipe plumbing. The highly effective foaming cleaners in **BOBCAT** remove common rest room soils, leaving surfaces spotless. **BOBCAT** eradicates odors with a highly effective "two punch combination". First, the odor neutralizing "quats" in the formula eliminate foul odors and then they're replaced with a pleasant Orange Cream fragrance.

DIRECTIONS:

Toilet Bowls & Urinals: Remove water from bowl by forcing over trap with an applicator or plunger. Remove excessive water from applicator by pressing it against the side of the bowl. Squirt 1 to 2 ounces of **BOBCAT** under rim and allow it to run down the bowl. Clean the entire unit, especially under rim and at water outlets. Allow to cleaner to remain on surface for 5 to 10 minutes, then flush and rinse out applicator.

Hard, Non-Porous Surfaces: Evenly apply **BOBCAT** to surface to be cleaned. Agitate with a sponge or brush. Rinse thoroughly.

NFPA® RATINGS:

Health: 2; Flammability: 1; Reactivity: 0

Contains/CAS Number:

Water (7732-18-5); Linear Alcohol Ethoxylate (34398-01-1); Sodium Xylenesulfonate (1300-72-7); Tetrasodium Ethylenediamine Tetraacetate (64-02-8); Hydroxyethylcellulose (9004-62-0).
