NFPA® RATINGS:

Health: 2; Flammability: 2; Reactivity: 0

INGREDIENTS/CAS #:

d-Limonene/5989-27-5; Solvent Red 24/85-83-6

CORKSCREW

CORKSCREW from Share Corporation is an all natural, non toxic biodegradable floor drain degreaser. Used regularly, its powerful formula removes fat, oil and grease that builds up in drain lines, thereby preventing drain backups. This Designated Green formula is not caustic or corrosive, making it safe for use on virtually all surfaces. **CORKSCREW** won't stop bacteria or enzymes from digesting waste like chemical drain maintainers will, making it a great option where these types of products haven't worked.

DIRECTIONS:

Preventative maintenance programs that use **CORKSCREW** weekly (or more frequently) keep drains and grease traps free flowing. To use, add 3 to 4 ounces to each drain, let stand for 10 minutes, and then flush with hot water. To open slow drains, add 1 pint directly to the drain, let stand for 30 minutes, then flush with hot water.

Please Recycle.

Canister made from 25% post-consumer recycled plastic.
