DISPOSAL:

Offer empty container for recycling. If recycling is not available, discard container in trash.

For industrial and commercial use only.

For additional information, see Safety Data Sheet.

WARNING: This product can expose you to ethylene oxide, which is known to the State of California to cause cancer and birth defects and other reproductive harm. For more information go to www.P65Warnings.ca.gov.

NFPA® Ratings

Health: 0; Flammability: 0; Reactivity: 0

Contains/CAS Number:

Water (7732-18-5); Sodium Laureth Sulfate (9004-82-4); Linear Alcohol Ethoxylate (34398-01-1); Ethanol (64-17-5); Bacillus sp. Culture (None).

This non-toxic, environmentally-safe digestant product uses nature's own cleaning agents to rid grease traps and plumbing of grease accumulations and clogs. **DYNASTY ENZO-SNAKE** will NOT harm people, clothing, or plumbing - it contains NO harsh solvents, corrosive or dangerous chemicals.

DYNASTY ENZO-SNAKE uses the natural digesting power of selected bacteria combined with stabilized enzymes for instant action. The bacteria cultures and enzymes are activated by dilution with water, and work synergistically to break down and liquefy grease, fats and organic matter - providing the fastest cleaning action available in a liquid digestant. A maintenance program with **DYNASTY ENZO-SNAKE** keeps drains and plumbing free-flowing, clog-free and odor-free, and reduces or eliminates grease trap pump-outs.

DIRECTIONS:

For best results, drains and grease traps should be treated daily at a time of low flow to allow, time for the bacteria and enzymes to work (usually at the end of the day or late at night.) Use of a timed metering pump such as the **ENZO SNAKE PUMP ASSEMBLY** will ensure maximum performance. Make daily additions of **DYNASTY ENZO-SNAKE** based on the size of the grease trap:

Grease Trap Capacity (gallons)	Daily Maintenance Dosage	Amount of Dynasty Enzo-Snake Required to Treat Trap (per 30 day interval)	Interval Between 5 Gallon Pail Change (days)
1 - 250 Gallons	21 Ounces	5 Gallons	30 Days
251 - 500 Gallons	42 Ounces	10 Gallons	15 Days
501 - 750 Gallons	64 Ounces	15 Gallons	10 Days
751 - 1000 Gallons	86 Ounces	20 Gallons	7 Days

Please Recycle.
