

The OXYNATOR

PROFESSIONAL STRENGTH DRAIN CLEANER
Obliterates Grease, Fats, Syrups, Sugar and more—in just minutes!

- Vaporizes hydrocarbons- Grease, Fats, Oils & more
 - Eliminates nasty organic foul odors
 - Safe for all drains and grease traps
- Scavenges harmful hydrogen sulfide to help prevent corrosion to surfaces
- 100% Biodegradable, Non-Flammable, No Fumes

DANGER

Harmful if swallowed. Causes severe skin burns and eye damage. May cause fire or explosion; strong oxidizer. Harmful to aquatic life.

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: 7 GALLON

DANGER:

Harmful if swallowed. Causes severe skin burns and eye damage. May cause fire or explosion; strong oxidizer. Harmful to aquatic life.

PREVENTION:

Wash hands and all exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Do not breathe dusts or mists. Use only outdoors or in a well-ventilated area. Do not eat, drink or smoke when using this product. Keep away from heat. Keep/store away from clothing and other combustible materials. Take any precaution to avoid mixing with combustibles/flammables. Wear fire/flame resistant/retardant clothing. Do not use pressure to empty because container is not a pressure vessel. Avoid release to the environment.

RESPONSE:

IF SWALLOWED: Call a poison center/doctor/hospital. Rinse mouth. Do NOT induce vomiting.

IF ON SKIN (OR HAIR): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Immediately call a poison center/doctor/hospital.

IF INHALED: Remove person to fresh air and keep comfortable for breathing.

IF ON CLOTHING: Rinse immediately contaminated clothing and skin with plenty of water before removing clothes.

IF CASE OF MAJOR FIRE AND LARGE QUANTITIES: Evacuate area. Fight fire remotely due to the risk of explosion.

STORAGE:

Store locked up. Store at temperatures below 120°F in a well-ventilated place, out of direct sunlight. Keep container tightly closed when not in use.

DISPOSAL:

Dispose of contents/container to approve waste disposal plant in accordance with federal, state, and local regulations.

SPILLAGE:

Wear appropriate PPE. Avoid spills and clean them up immediately when they occur. Product may be slippery. Avoid accidental release of concentrate into sewers or water ways. Contain spill if possible. Absorb on mineral clay absorbent material. Shovel into DOT approved container for disposal.

IN CASE OF FIRE:

Use dry sand, dry chemical or alcohol-resistant foam for extinction.

The OXYNATOR

THE OXYNATOR is the fastest acting cleaner available today for dissolving and eliminating heavy grease buildups in drains and grease traps. This non-caustic and non-acid powerful deep-cleaning solution uses the power of a super-concentrated bio-oxidant formula to quickly disintegrate/atomize problematic grease. It is the perfect solution to thoroughly clean grease traps and drains prior to beginning a regular maintenance treatment program.

DIRECTIONS:

GREASE TRAPS & DRAIN LINES: Use **THE OXYNATOR** for cleaning out and removing heavy grease accumulation from grease traps and drains. Pour approximately one to 3 gallons of **THE OXYNATOR** carefully into each drain opening as close to the grease trap as possible. Next, treat drains further away from the grease trap. **NOTE:** foam may generate and come up through floor drains. Foam can be rinsed back into the drain with water. If necessary, cold water can be added to slow down the cleaning process.

NFPA® RATINGS:

Health: 1; Flammability: 0; Reactivity: 1; Special: OX.

INGREDIENT/CAS #:

Water (7732-18-5); Hydrogen Peroxide (7722-84-1).

For industrial and commercial use only.
