DANGER:

Flammable liquid and vapour. May be fatal if swallowed and enters airways. Causes skin irritation. May cause an allergic skin reaction.

PREVENTION:

Keep away from heat, open flames, sparks. No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion-proof electrical, lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Avoid breathing mist, spray. Wash thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Wear eye protection, protective clothing, protective gloves. Take off contaminated clothing and wash it before reuse.

IF SWALLOWED: Immediately call a doctor, a POISON CENTER.

Do NOT induce vomiting.

IF ON SKIN (OR HAIR): Take off immediately all contaminated clothing. Rinse skin with water/shower.

If skin irritation or rash occurs: Get medical advice/attention.

In case of fire: Use carbon dioxide (CO2), dry extinguishing powder, foam to extinguish.

Store in a well-ventilated place. Keep cool. Store locked up.

Dispose of contents/container to comply with local/regional/national/international regulations.

For industrial and commercial use only.

For additional information, see Safety Data Sheet.

Citralene NS

This product is Mother Nature's contribution to fast efficient cleaning, degreasing and deodorizing. **CITRALENE NS** is a revolutionary new formulation designed to meet the exact specifications required for safety and effectiveness demanded by today's industrial sector. This citrus derived solvent combines non-toxic, and biodegradable properties to eliminate environmental and exposure problems posed by the use of synthetic solvent cleaners. Yet **CITRALENE NS** displays incredible solvency, superior grease dispersion and unique cleaning qualities equivalent to the best degreaser. It quickly removes grease, oil, dirt, tar and even cosmoline from a variety of surfaces, including plastic. Its pleasant citrus fragrance makes **CITRALENE NS** the ideal solvent for degreasing tasks in closed areas where the flammability of petroleum distillates and the harmful vapors of chlorinated solvents could pose potential health and safety hazards. **CITRALENE NS** is the only solvent product that will satisfy both your needs for an effective cleaner and OSHA's requirements protecting worker safety.

DIRECTIONS:

CITRALENE NS can be substituted into any degreasing or cleaning task previously using either chlorinated solvents or petroleum distillates. **CITRALENE NS** is ready for use. Apply liberally to surfaces by dipping, spraying or brushing. In addition, **CITRALENE NS** is ideal for use as a parts washer solvent in recirculating parts of washers.
