# CAR GUARD

**CAR GUARD** easily and effectively cleans, restores, and protects the interior and exterior surfaces of your vehicle. Simply pull a towel from the handy canister and wipe down a variety of surfaces including tires, rubber bumpers, dashboards, side moldings, and door and window seals.

**CAR GUARD** towels are premoistened with a water-based silicone formula which not only cleans surfaces but also protects them from drying, cracking, fading, dulling, and deteriorating. Surfaces are quickly restored to their original shiny luster.

Keep your vehicle's surfaces in top condition for years to come with **CAR GUARD**.

**DIRECTIONS FOR USE:**

1. Remove cap and pull towel through the "X" opening located in the center of the lid.
2. Replace lid onto container and close hinged tab to prevent towels from drying out.
3. When removing a towel, pull at a 90° angle until towel tears away at perforation.
4. Wipe down all surfaces and allow to dry to the touch. Discard after use.
