**DIRECTIONS:** MARQUISE CUT is a concentrate that can be diluted at rates varying from 1:3 to 1:6 to provide the strength needed to remove heavy finish build-up from severely soiled floors. Apply solution to a small area of the floor, making sure the entire floor surface is uniformly covered. Allow to set 4 to 5 minutes, then agitate solution on floor with a damp mop. Clean up solution with a damp mop, wet vac or automatic floor machine. Be sure to neutralize the floor with BALANCE before applying new floor finish.
