Hyscent refill cartridges are made in the USA using APAT (Advanced Polymer Absorption Technology). Proprietary manufacturing techniques ensure the highest quality and consistency. Fragrances can last up to 60 days depending on user settings.

The specially designed centrifugal fan coupled with intelligent programming ensures consistent fragrance release throughout the life of the Hyscent refill. Hyscent refills are made from a proprietary blended polymer infused with pure fragrance oils and pure essential oils. The absence of propellants and harmful solvents make Hyscent refills the eco-conscious solution for your fragrancing needs. Because there is nothing to spill, these diffusers can be used in any orientation, on your desktop, shelving unit, windowsill, side table or anywhere that works for you!
