

MULBERRY CRUSH

TOTAL RELEASE ODOR CONTROL

Form: Solvent Based Aerosol

Color: Off White

Odor: Mulberry

pH: 7

Solubility (in water): 0%

Flash Point (ASTM D-7821): <100°F

Specific Gravity: 0.790

Storage Stability (at 70°F): 1 year

This Product Contains:	CAS#
Acetone	67-64-1
Propane	74-98-6
Fragrance	N/A
Diethyl Phthalate	84-66-2
Hydrotreated Light Alkanes	64742-47-8

Great For Use In...

- HOMES
- MEETING ROOMS
- OFFICES
- HOSPITALS
- NURSING HOMES
- AUTO DETAIL SHOPS
- VETERINARY CLINICS

DIRECTIONS FOR USE: DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets, or under counters or tables. DO NOT use in a room 5 feet by 5 feet or smaller; instead, allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Do not use this unit in an area less than 100 cubic feet.

Close all windows and turn off air conditioning or heating unit. Place can on raised surface near middle of room. Spread paper or cloth directly below can for protection. To lock valve into open position for total discharge, press valve button all the way down, locking the catch. Then place fogger down and immediately leave the room. Do not disturb area for at least 2 hours. Ventilate room for 30 minutes before re-entering. Note: The valve can be operated to give short bursts of spray by lightly depressing valve and pointing can to area to be sprayed.
