DIRECTIONS: Keep actuator pointed towards dot on valve cup. Shake well before using. Check color fastness of material before using. Hold can at a distance of 8 to 10 inches. Saturate surface. Allow product to penetrate for 5 to 10 minutes before wiping away. Rinse surface thoroughly after use. Do not spray on plastics, painted surfaces, foam, aluminum, warm or hot surfaces. While safe to use on most fabrics (fibers), this product will dissolve some synthetic materials. Check on an inconspicuous area for evidence of attack before using.
