

# FOOD GRADE GREASE AEROSOL

NSF H1 listed for use as a lubricant where incidental food contact may occur.

Net Weight: 11.75 ounces (333 grams)

**KEEP OUT OF REACH OF CHILDREN**  
CONTENTS UNDER PRESSURE.

See side panel for additional precautions.

FOOD GRADE GREASE is an pure, 100% white grease. This product can be used as a lubricant, release agent, or anti-rust film on equipment and machine parts in locations in which there is an exposure of the lubricated part to edible products. This highly stable food grade grease is formulated using non toxic lubricants that pose no hazard if incidental contact with food products occur. It endures the rigors of high performance food processing equipment providing protection for ovens, dryers, gears, valves, pumps, rollers and much more.

**WARNING:** Contents under pressure. Do not expose to heat sparks or open flame. Do not store at temperatures above 120°F. Do not puncture or incinerate container. Avoid contact with eyes or prolonged contact with skin.

**FIRST AID:**

**If Swallowed:** If swallowed, do NOT induce vomiting. Call physician immediately.

**If Inhaled:** Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get immediate medical attention.

**If In Eyes:** Immediately flush eyes with plenty of water. Get medical attention, if irritation persists.

**If On Skin:** Wash with soap and water. Get medical attention if irritation develops or persists.

**KEEP OUT OF REACH OF CHILDREN**
